

## Parish Plan New Action Groups

There are the following New Action Groups:

### Welcoming

To continue and develop activities that make new and continuing parishioners feel welcome and included in parish activities, including those who are housebound and infirm. This includes welcoming practices and hospitality at Sunday Eucharist and special occasions, and identifying and making new parishioners welcome. Our parish should be a warm vibrant social and spiritual community.

### Social Justice

To continue and to develop existing social justice activities within the Parish, and to enlarge the opportunities for information, discussion and action on social justice issues in the community. This will involve all age groups within the parish, and will reach out to diocesan, deanery, and other Church groups.

**Faith Education**

This group has the goal voted most important in all the parish surveys. Its job is to continue existing activities, and to further develop opportunities for faith education for all ages within the parish by identifying and facilitating access to them, wherever they are found.
